

# CONTROL SYSTEM

Di era yang modern dan canggih, penggunaan banyak *remote* tidak lagi efektif. Dengan *control system* dari Crestron, Anda dapat mengakses semua perangkat elektronik ruangan dalam satu genggam. *Control system* ini dibenamkan dalam bentuk *touch panel* dari Crestron, iPad, ataupun *smartphone* Android Anda, sehingga begitu praktis, mudah, dan cepat.

## Crestron Control System

### CP3

The Crestron® CP3 is an enterprise-class control system for residential, commercial, and government applications. Featuring the 3-Series® control engine, the CP3 forms the core of any modern networked home or commercial building, managing and integrating all the disparate technologies throughout your facility to make life easier, greener, more productive, and more enjoyable.

### MP-B10

The MP-B10 is an enhanced pushbutton control panel designed for installation in a wall or podium. It can be used with any Crestron® control system or presentation switcher, and it provides a perfect complement to any Crestron MPC Media Presentation Controller. Available in white or black, the MP-B10 is constructed to handle the rigors of everyday use in a typical classroom, meeting room, lecture hall, or training facility.

### Air Media Am-100

With AirMedia® anyone can walk into a room and wirelessly present PowerPoint®, Excel®, Word, and PDF documents, as well as photos, on the room display from their personal iOS® or Android™ mobile device. MacBook® and PC laptops can be connected seamlessly as well, making presentations from most any device fast and easy. There are no wires to hook up, no complicated settings to configure, and no AV or control system is required. Simply connect via the local Wi-Fi® network and start sharing content from your portable device.

### IDOC-PAD-LCA-DSC-W

Provides a very stylish wall mount docking solution for charging the iPad Air® while simultaneously using it to control a home, business, boardroom, or classroom.

### Xcite Speakers

Xcite® speakers by Crestron® offer great sound quality, excellent value, and easy installation for multiroom audio and home theater applications. The Excite IW5 model provides a pair of 2-way in-wall speakers featuring 5-1/4 inch woofers and 3/4 inch dome tweeters. Power handling is an ample 60 Watts (program), with an impressive frequency response from 60 Hz to 20 kHz (-3 dB).

### Touch Panel TSW-752

A Crestron® touch screen offers an ideal user-interface for controlling all the technology in your home, boardroom, classroom, courtroom, or command center. Touch screens do away with piles of remote controls, cluttered wall switches, and cryptic computer screens, simplifying and enhancing the way you use technology. For controlling audio, video, lighting, shades, HVAC, security, and other systems.

### FlipTop FT-600

Provides a configurable connectivity solution in a stylish, flush mount tabletop design. Configurable with versatile combinations of pullout cables, cable retractors, connector panels, and AC power outlets. New universal cutout size fits all new and future FlipTops™. Available in black anodized and brushed aluminum finishes.
